BT Bamboo® Toffee

FEATURES OF BT BAMBOO FLOORING

ECO FRIENDLY

Our BT Bamboo flooring is eco-friendly, durable, and affordable.

AVAILABILITY

Growing at a rapid rate, bamboo is the fastest growing plant on earth.

HEALTHY

BT Bamboo flooring meets international standards and sustains freshness, contributes to a cleaner, healthy and pleasant living environment

13 LAYERS OF COATINGS

High Performance Coatings (HPC) are applied as multilayer systems by roller coating technology and cured by ultra violet (UV) energy

DURABILITY

With a hardness and density similar to the best hardwood floors, our BT Bamboo floors are suitable for use even in heavy duty applications.

MORE CHOICE

BT Bamboo floors are available in a large variety of configurations, styles and colours to cater to anyone's preferences.

LIFETIME

Our BT Bamboo floors are of the highest quality and come with a lifetime structural guarantee.

NATURAL BEAUTY

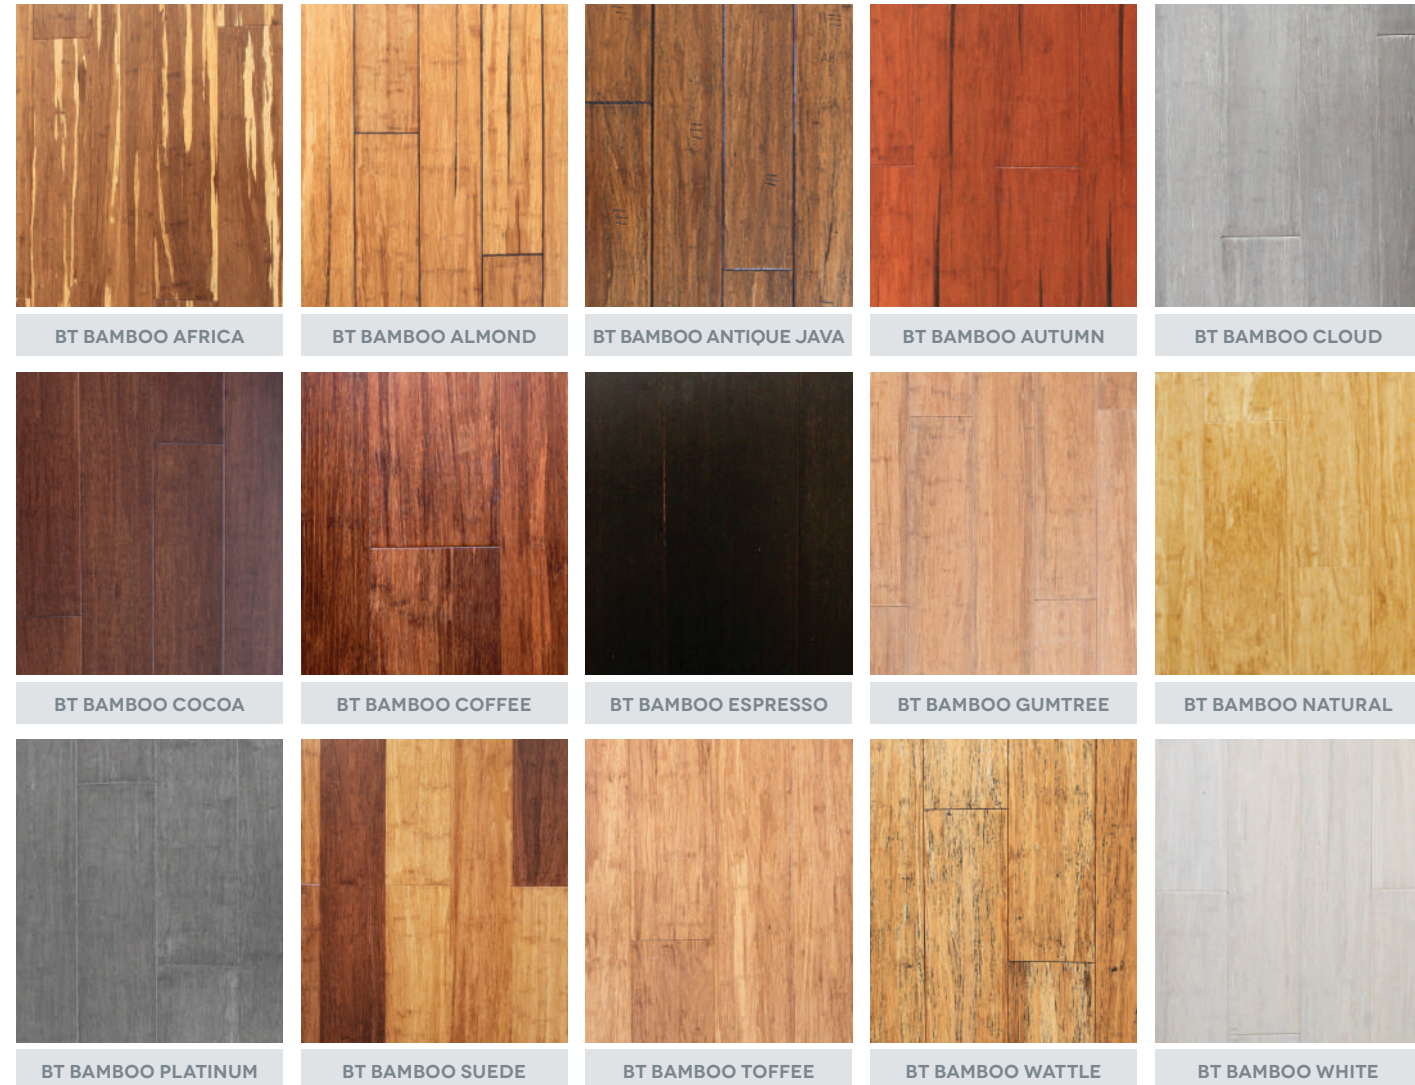

Inspired by nature, BT Bamboo floors are not only a conscious choice but also a stylish one.

2015 AUSTRALIAN INTERIOR DESIGN AWARDS
THE INAUGURAL AWARD FOR INTERIOR DESIGN IMPACT

PRECISION MACHINED PRE-FINISHED solid BT Bamboo flooring. Manufactured to the HIGHEST STANDARD suited to Australian conditions. We have 23 QUALITY CONTROL CHECKS on BT Bamboo density, weight, hardness, lamination set up, colour consistency, moisture content, machining tolerance to ensure UNRIVALED CONSISTENT BEST QUALITY that will stand up over time.

BT BAMBOO CHOICES

Every pattern, every color, every nuance of nature is different and defines the environment around you. Our collection of 15 BT Bamboo decors inspires to do the same by giving you a wide choice in colors to enhance the beauty of every room in your home, for you to enjoy, for many years to come.

Our prestigious BT Bamboo flooring portfolio includes Orlando Jacob's Creek Wine Centre, Ravenswood School for Girls, Port Douglas Mirage Resort, St Barnabas Church, Hunter St, Pandora, Lend Lease, Citi Bank, BMW, RMIT, Xanadu, Todae, David Jones, and Department of Environment and Primary Industries.

A unique blend of natural straw and coffee tones

25 year RESIDENTIAL WEAR WARRANTY	Life time STRUCTURAL WARRANTY	10 year COMMERCIAL WARRANTY	 EXTREME HARDNESS	 ARCHITECT'S CHOICE	13 COATING LAYERS
---	---	---	----------------------	------------------------	-----------------------------

ALMOND

BT bamboo is manufactured from specially selected bamboo that is harvested from sustainable forests. Aesthetically it appears like timber and is the bamboo of choice for many architects due its stylish satin coatings that accentuate the natural beauty and warmth of the bamboo.

Pale yellowish brown tones similar to Grey box. The smooth surface is highlighted with a French bleed black stain and the edges between the boards are darkened to create a visual thickness and time worn authenticity to the installed floor.

25 year RESIDENTIAL WEAR WARRANTY	Life time STRUCTURAL WARRANTY	10 year COMMERCIAL WARRANTY	 EXTREME HARDNESS	 ARCHITECT'S CHOICE	13 COATING LAYERS
---	---	---	----------------------	------------------------	-----------------------------

ANTIQUÉ JAVA

Dark coffee colour of rich coffee tones similar to Blackbean or Blackwood. Especially hand-crafted to create a vintage appearance, the scraped, distressed surface has chisel marks and indentations that have been stained black to give it character. The edges between the boards are darkened to create a visual thickness and time worn authenticity.

---	---	---	----------------------	------------------------	-----------------------------

COCOA

Operating since 1996, we know bamboo flooring. Did you know? The Green Building Council of Australia (GBCA) rated 39 Hunter Street in Sydney's CBD as 6 Star Green Star which is the first heritage building in Australia to receive this rating. As one of the ESD initiatives in sustainability, BT Bamboo flooring was chosen for parts of the floor area in this extensive refurbishment project which has recently been completed.

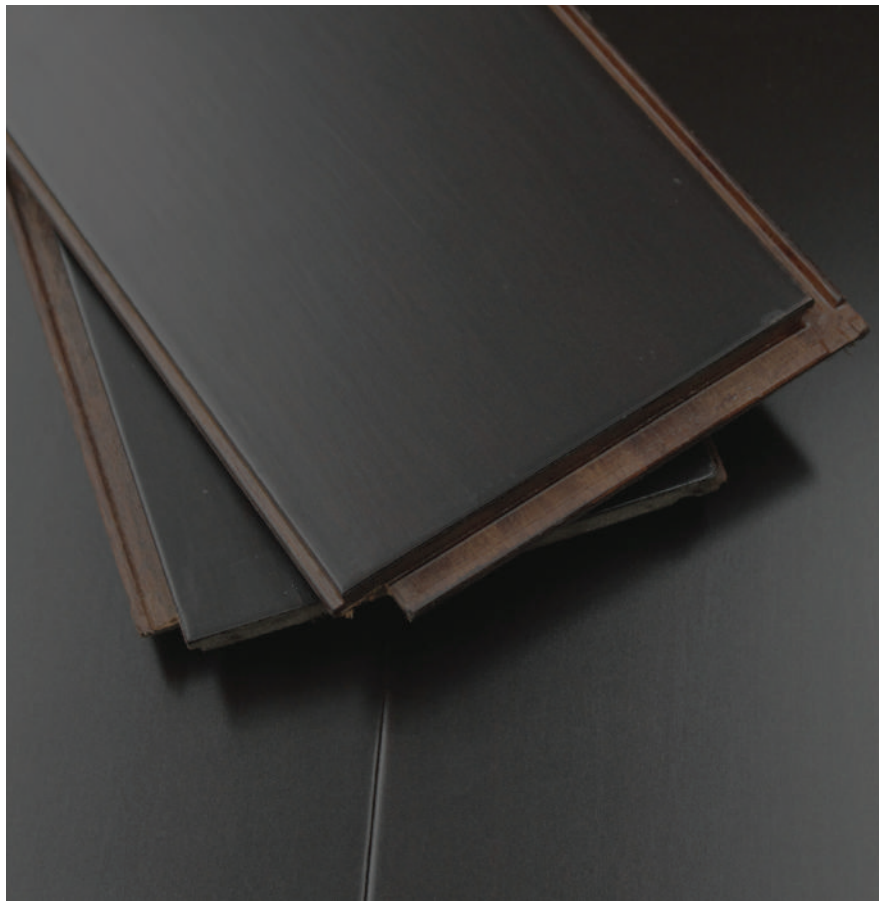

25 year RESIDENTIAL WEAR WARRANTY	Life time STRUCTURAL WARRANTY	10 year COMMERCIAL WARRANTY	 EXTREME HARDNESS	 ARCHITECT'S CHOICE	13 COATING LAYERS
---	---	---	----------------------	------------------------	-----------------------------

Pre-finished boards with stylish satin coatings finish to accentuate the natural beauty of the BT Bamboo.

ESPRESSO

Dark chocolate translucent surface stain similar to Ebony or Wenge with smooth surface. BT bamboo is manufactured from specially selected bamboo that is harvested from sustainable forests. Aesthetically it appears like timber and is the bamboo of choice for many architects due its stylish satin coatings that accentuate the natural beauty and warmth of the bamboo.

TOFFEE

The BT Strand Aluminium Oxide finish has up to 13 layers of coating.

- Hydro UV Barrier Coat
- UV Duro Sealer
- UV Sandable Sealer
- HPC Anti Scratch Top Coat

High Performance Coatings (HPC) are applied as multilayer systems by roller coating technology and cured by ultra violet (UV) energy. The coatings yield extreme hardness resulting in high mechanical resistance to scratch, impact and abrasion.

The coatings are water based and are free of halogenated hydrocarbons, heavy metals, herbicides, insecticides, pesticides, formaldehyde and any harmful emission complying with international standards.

WIDEBOARD

BT wideboard bamboo is manufactured from specially selected bamboo that is harvested from sustainable forests. The bamboo stalks are grown to maturity prior to harvesting to ensure the strength and quality of the product. Engineered products are constructed from a 4mm top layer of strand woven bamboo, onto multilayers of poplar and fir. The layers are cross laminated to increase the stability of the flooring which is a big advantage over any hardwood or solid bamboo flooring. The wide boards are extra wide being 190mm appealing greatly to interior designers and architects. They are manufactured to international standards of EO emissions, for high indoor air quality, to look after your health.

- Type: Wideboard bamboo floating floor
- Thickness: 15mm
- Width: 190mm
- Length: 1850mm
- Edging: Micro bevelled edge
- Profile: Uniclic lock
- Installation Method: Floating
